## Index

Action management, 29 Active mode, 176 AEGIS, 197–198	British Security Industry Association (BSIA), 173
al-Qaeda, 83	CACI International Inc., 199
American Civil Liberties Union	Canada, 39–45, 104–107
(ACLU), 84	Canadian Forces Intelligence
Analysis phase, 10–11	Command (CFIC), 44
Analytics management, 29	Canadian Forces Joint Imagery
Arab world, 2	Centre (CFJIC), 44
AUS/CAN/NZ/UK/US EYES	Canadian intelligence community
ONLY, 62	(CIC), 40–43
Australia, 34–39, 100–104	Canadian Security Intelligence
Australian Crime Commission	Service (CSIS), 93
(ACC), 129	Catholic Church, 2
Australian Criminal Intelligence	CCTV technology, 173, 174-175
Commission (ACIC), 100	Cellular Analysis and Notification of
Australian Criminal Intelligence	Antigen Risks and Yields
Forum (ACIF), 100	(CANARY), 180
Australian Cybercrime Online	Central Intelligence Agency (CIA),
Reporting Network	28, 75
(ACORN), 103	Chilling effect of secrecy, 21
Australian Geospatial-Intelligence	Code of conduct, 227–230
Organization	Cold War, 4
(AGO), 35	Collation phase, 10
Australian Intelligence Community	Collection phase, 10
(AIC), 34–39	Combined DNA Index System
Australian Secret Intelligence Service	(CODIS), 178
(ASIS), 34	Communications Security
Australian Security Intelligence	Establishment (CSE), 40
Organization (ASIO), 34	Community-based policing model,
Australian Signal Directorate	135
(ASD), 34	CompStat approach, 98
Auxiliarization, 137	Compulsive data demand, 14
	Conceptual approaches, 20–22
BAE systems, 198	Consequentialist approach, 210
Big Data analytics, 184, 185	Constructive methods, 20
Black satellites, 169	Counterterrorism Center, 79
Booz Allen Hamilton (BAH),	Counter Terrorism Command
198–199	(CTC), 111

Creation of knowledge, 28	Dark Web, 146
Criminal intelligence	DCSNET, 176
acceptance, 95	Decision-making process, 20
activities, 5	Defense Intelligence Agency (DIA),
basic knowledge, 96–97	194
detecting criminal activity, 97–98 "Five Eyes" countries, 100–115	Defense Intelligence Organization (DIO), 34–35
functions, 96–100	Deontological approach, 210–211
guiding decisions, 99–100	Detecting criminal activity, 97–98
international police cooperation,	Digital divide, 13
115–119	Directorate of Defence Intelligence
operations, 99–100	and Security (DDIS), 46
policy, 85–86	Director of Central Intelligence
practice, 90–92	(DCI), 79
predicting criminal activity, 98–99	Dissemination phase, 11
services, 130	"Diversion Team," 104
strategy, 86–89	Drug Enforcement Administration
structure, 89–90	(DEA), 85
structure and integration,	Dual conceptualizations of
100–115	intelligence, 4–7
targets, 92–93	
Criminal Intelligence Service Canada	Echelon program, 62
(CISC), 106	Efficiency, 71
Criminal Investigation Branch (CIB),	Electronic Frontier Foundation
108	(EFF), 171
CSRA Inc., 199–200	Embedded knowledge, 28
Cuban missile crisis, 13	Environmental Protection Agency
Cyber Action Team (CAT), 157	(EPA), 183
Cyber insecurity, 160	Espionage, 2
Cyber intelligence	Ethics
cybersecurity risk, 159–161	analysis, 212
defensive, 139	code of conduct, 227–230
intensity, 146–148	consequentialist approach, 210
law enforcement, 156–159	deontological approach, 210–211
offensive, 139	immoral intelligence collection
private and public entities, 140	techniques, 207
strategic form, 140	intelligence analysis, 218–220
technical form, 140	intelligence collection, 212
Cyber threats	intelligence collection methods, 217–218
actors, 140 cyberspace, 143–146	intelligence management, 213
evolution, 140	just intelligence approach,
landscape, 140–143	211–212
modus operandi, 143	Just War Theory, 211
moduo operanai, 110	5 dot 11 dr 111001y, 211

realist approach, 209–210 secrecy violation, 220–227 truth approach, 209	Government Communications Security Bureau (GCSB), 46
utilitarian approach, 208	Government policy, 73
whistleblowing, 220–227	Great Firewall, 146
Ethics of risk, 71	Greece, 2
European Cyber Crime Center, 158	Guardian of Peace (GOP), 147 Gunwalking Scandal, 21
Explicit knowledge, 27	Gunwaiking Scandai, 21
Exploitative methods, 20	Hacktivists, 227
Export Administration Regulations	Hard surveillance technology, 167
(EAR), 161	hearing, 175–178
Facebook, 151	scent, 180–181
Facial Analysis, Comparison, and	sight, 167–175
Evaluation (FACE), 179	software surveillance technology, 184–186
Federal Bureau of Investigation	taste, 182–184
(FBI), 28, 156	touch, 178–180
Five Eyes countries	Her Majesty's Inspectorate of
Australia, 34–39	Constabulary (HMIC),
Canada, 39–45	111
New Zealand, 45–49	High policing activity, 5
United Kingdom, 49–54	Homeland Security Act, 79
United States, 54–61	Horizontal communication, 132
"Five Eyes" countries	House Permanent Select Committee
Australia, 100–104	on Intelligence (HPSCI), 56
Canada, 104–107	Human intelligence (HUMINT), 7
New Zealand, 107–109	HUMINT, 218
United Kingdom, 109–112	,
United States, 112–112	Identification of knowledge, 28
FlexiSPY, 177	ILP model, 99
Foodborne Disease Outbreaks	Imagery intelligence (IMINT), 7
Surveillance System	Immoral intelligence collection
(FDOSS), 183	techniques, 207
Foreign Intelligence Surveillance Act	Independent Police Complaints
Court (FISA), 23	Commission (IPCC), 111
	Industrial revolution, 3
Geospatial intelligence (GEOINT), 7	Information gap, 13
