M. P. Sukumaran Nair, PhD, is President of the Thrikkakara Municipal Co-operative Hospital Society, Cochin, India. He is an Industry and Policy Expert and Corporate Manager with extensive technical and management experience in industry and government for over four decades. Currently, he is Director, Centre for Green Technology & Management, Cochin. He was earlier Secretary to Chief Minister, Chairman, Public Sector Restructuring & Audit Board of the Government of Kerala, and Chairman and Managing Director of several Public Sector Industries in Kerala. He is also an Environment and Sustainability Researcher, International Speaker and Contributor to major industry and research journals, national/international. He is actively involved in the healthcare cooperative movement in India and also closely associated with professional bodies and sits on several Expert Advisory Committees of the central and state governments in India. He is a recipient of several awards and also is an Author/Reviewer of UNDP environment reports.

Pankaj Pathak is an Accomplished Researcher in the field of Information Technology and Computer Science. He holds a postgraduate degree in Information Technology, as well as a PhD in Computer Science. He has published numerous papers in both national and international journals, showcasing his expertise in the field. His research interests include topics such as the Internet of Things, AI, and data mining. His work has been widely cited by other researchers in the field, and his papers have contributed to the advancement of knowledge in the area.

Mansi Patnaik holds a Bachelor's degree in Economics with Honours from Symbiosis International (Deemed University). Over the course of her academic journey, she discovered her passion for health and behavioural economics, which has become the cornerstone of her research work. These research interests propelled her to work on menstrual hygiene management and assess its impact on macroeconomic and microeconomic variables. Her work showcases her zeal for exploring the realms of maternal, child, and menstrual health and drawing insights from consumer behaviours by analysing their decision-making patterns.

Nirupama Patwardhan is a Passionate Academic, Learning and Development Professional and Freelance Consultant with over 24 years of experience. She is currently working with TalentAide, a small consultancy firm that works primarily with small and medium-sized enterprises. She is also deeply interested in women's rights, diversity and inclusion and social and community initiatives for societal upliftment. She has been actively participating in helping underprivileged girls from local communities get basic education. She is also dedicated to advancing women's standing in society and helping them advance in all walks of life and all hierarchical levels. Her other areas of research interest are work-life balance/integration and career pathing.

Samaya Pillai is a Full-time Faculty in Symbiosis Institute of Digital and Telecom Management, Symbiosis International University, Pune (India). She holds

an MCA, MCM, and MPhil degree from the Faculty of Management. She is Pursuing her PhD with (Savitribai Phule Pune University) SPPU, Pune University under Computer Management. She has 18 years of teaching experience with a specialisation in databases and healthcare. Her research interests focus on computer sciences and big data domains. She has taught subjects in programming – Java, Python, C. Databases – Oracle, MySQL, MongoDB, Operating Systems, MIS, Basic Statistics, and Networking, etc. She has 20 publications in Scopus and 10 papers in Conference proceedings.

Arun Prakash working as an Assistant Professor in the Department of Management at Kristu Jayanti College, Bengaluru. He graduated in Electrical and Electronics Engineering at Maharaja Engineering College under Anna University Chennai, Tamil Nadu. He secured Masters in Business Administration at Sri Krishna College of Engineering and Technology, Coimbatore, Tamilnadu. He is pursuing PhD in the field of capital markets at Bharathiar University, Coimbatore, Tamil Nadu. He is in the Profession of teaching for more than 12 years. He has presented a number of papers in national and international journals, conferences, and symposiums. His main area of interests are capital markets, marketing, HR, strategic management, data analytics, and research.

Rutuparna S. holds an MBBS degree, and is a Radiologist with MD in Radiology, besides earning an EDiR degree, and a Dip. ICRI certification. She is currently working as a Senior Consultant at Aster CMI Hospital, Sahakarnagar, Bengaluru. Her clinical responsibilities include monitoring and protocol studies, routine reporting of various radiology studies, and supervising radiographers. She is also responsible for teaching registrar and radiographer trainees. This allows her to engage herself as both a medical practitioner and an academic in the medical domain. Her previous appointments include working as a Consultant at Telerradiology Solutions (TRS), Whitefield, Bengaluru and Columbia Asia Hospital, Yeshwanthpur, Bengaluru. She has experience in a range of radiology studies, including GI, GU, MSK, Chest, Oncology, Transplant, Trauma, Gynaecology, Paediatric, and Neuroradiology. She has also performed procedures such as US-guided FNA, biopsy, drainage, and CT-guided chest and abdominal biopsy, and drainage. She is recognized as one of the highly dedicated young professionals.

Niharika Singh is an Assistant Professor at Symbiosis School of Economics, Pune. With a doctorate in Labour Economics, she has been in academia since 2009. She has taught at colleges in Jaipur and Bangalore earlier. Her major work areas are labour and development economics. She has presented research papers at several national and international conferences and has publications in some reputed journals.

Ritambhara Singh is an Associate Professor (Agribusiness Management), at Dr. Rajendra Prasad Central Agricultural University, Pusa, Samastipur, Bihar, India. She holds a Masters and a Doctorate in Agricultural Economics from Govind

Ballabh Pant University of Agriculture and Technology, Pantnagar, India. Besides this, she has completed a certificate course in Finance from the University of Michigan, USA, Microeconomics from the University of Illinois, USA, and Supply Chain from the University of Adelaide, Australia. She has around 17 years of professional experience in various capacities with organisations of repute. Besides teaching, she has handled various National and International Projects. Her areas of interest are International Trade, Agribusiness Economics and Policies, Farmer Producer Organisations, and Secondary Agriculture. She is a Member of several professional bodies and is on the Editorial Board of Magazines. She is more than 150 publications to her credit in various forms in reputed journals, magazines, and news dailies.

Vignesh Sudhir is a final year student of a Master Degree in Economics. He is an NISM (National Institute of Securities Markets) Certified Research Analyst, and closely watches the markets for the latest trends and trades. He has done his schooling at Kendriya Vidyalayas in Thiruvananthapuram and Pune, India. He completed his AISSCE (12th grade) of the Central Board of Secondary Education (CBSE), New Delhi, in the Science stream, though his first love has always been finance and economics. He believes that the economy of any country can be developed and grown through community-based living and a community-based economy. He has represented his school in numerous quiz competitions and chess competitions. He also holds a bachelor's degree in Commerce.

Khushbu Thadani is from Meghalaya but has been in Pune for over 17 years. She has over 12 years of experience in the field of academics. She has completed her PhD from Savitribai Phule Pune University on the topic – A Study of the Reproductive and Child Health (RCH) Programme in the State of Meghalaya. She is currently an Assistant Professor with Symbiosis School of Economics. She teaches Development Economics and Qualitative Research Methods. Her research interest lies in the areas of Development Economics, Health Economics, and Health Public Policy. Her core interest is women and maternal health. She is currently working on a Funded Project on the topic of the Nexus of COVID-19 Pandemic and Menstruation: A Case Study of Select Districts in Maharashtra.

K. K. Tripathy, PhD, is Economic Adviser at the Ministry of Cooperation and is presently posted as the Officer on Special Duty (OSD) in the Office of Hon'ble Minister of Cooperation, Government of India. Prior to joining the IES, he also worked as an Executive Magistrate in the Government of Odisha after entering the Odisha Administrative Service in 1998. He obtained his PhD on micro-finance management and its impact on rural livelihoods from the Department of Management Studies of Indian Institute of Technology Delhi, Master in Economics from Ravenshaw College of Utkal University, and Bachelor of Law (LLB) from MS Law College of Utkal University. During the past 21 years of public service, he has served in the Vaikunth Mehta National Institute of Cooperative Management, Ministry of Human Resource Development (MHRD), Ministry

of Agriculture and Farmers Welfare, Ministry of Rural Development, Ministry of Food Processing Industries, Planning Commission, and the United Nations Development Programme. He has published around 70 research articles.

Sudhir Velayudhan after earning Masters Degree in Statistics, he served the National Sample Survey Office (NSSO), Ministry of Statistics, Government of India in the late 1980s and early 1990s. He was posted in the Bhopal Regional Office of NSSO. Later, he quit NSSO and joined the National Council for Cooperative Training (NCCT), New Delhi as a Faculty Member. He has over three decades of experience as a Trainer in the Cooperative sector. In the NCCT, he was initially posted in the Institute of Cooperative Management (ICM), Guwahati (Assam). Currently, he is posted at Vaikunth Mehta National Institute of Cooperative Management (VAMNICOM), Pune. He has had the privilege of working closely with cooperatives across the country in different contexts, regions, and sectors. He believes that the true strength of a Cooperative can be appreciated only by experiencing it. He also holds a master's degree in Business Administration.

V.G. Venkatesh is an Associate Professor at the EM Normandie Business School, France. He had years of industrial and teaching experience in logistics and supply chain management from Honduras, Sri Lanka, New Zealand, Colombia, the USA, Australia, China, France and Bangladesh. He has been actively publishing his academic research in leading international journals in the areas of social sustainability, supplier networks, transportation infrastructure and strategic procurement.
